- incorporated herein. See attached DNRC General Provisions, Federal Acquisition Regulations (FAR) clauses, NRCG Supplemental Terms and Conditions to the General Clauses of the EERA, OF-294, and the Register of Wage Determination Under the Service Contract Act.
- b. No service charge will be paid for the first day of delivery unless the contractor is requested to return that day to service units. There will be no pickup charge except for service and mileage the last day.
- c. Reset fee: No mileage paid within the camp area. Mileage only will be charged for each trailer load if units are to be moved outside of the camp location. One day notification is required so contractor can bring required trailer for moving units.
- d. For washing stations, mileage shall be calculated from the vendor's base or lodging point to the hand washing station location and return to one of the above. Service includes cleaning, sanitizing and refilling of supplies. Grey water removal and refilling of potable water will be the governments responsibility.
 - ** For the purpose of this ERA, an operational period is 24 hours.

Due to the immediate needs dictated by wildland fire fighting activities, the normal procedures to document contractor deviations cannot be followed. If the contractor services/equipment fails to meet or exceed requirements, the contracting agency may take whatever steps are necessary to obtain services/equipment which meets their needs
